Wendi is bred to Patagonia's Compadre that produces that fine dark fleece with beautiful architecture. He has thrown black 60% of the time when bred to all colors. Over 95% when bred to black and 40% when bred to white, with most of the rest dark brown. This Compadre cria has a 335 due date of 11/08.09. You may get a sneak peak before you bid.

We will also give a breed back with an option to either the fantastic fleeced Multiple Banner Winning Compadre son, Heatherbrook's Mercury. (First Cria due this month) or Accoyo American Prince (co-owned with Zodiac Ranch) White Multiple Champion that has 5 great looking cria on the ground. The oldest was Light Fawn Reserve at Michigan last month at 6 months and two days old.
